POLITICAL ANNOUNCEMENTS

For Sheriff

I hereby announce myself as a candidate for the nomination of Sheriff, subject to the action of the Democratic Party at the Primary Election, September 12, 1916.

R. F. McBRIDE.

I hereby announce myself as a candidate for the nomination of Sheriff, subject to the action of the Democratic Party at the Primary Election, September 12, 1916.

THOMAS G. ALGER.

For State Representative

I hereby announce myself as a candidate for the nomination of State Representative, subject to the action of the Democratic Party at the Primary Election, September 12, 1916.

A. C. PETERSON.

For State Senator

I hereby announce myself as a candidate for the nomination of State Senator, subject to the action of the Democratic Party at the Primary Election, September 12, 1916.

D. H. CLARIDGE.

For County Recorder

I hereby announce myself as a candidate for the nomination of County Recorder, subject to the action of the Democratic Party at the Primary Election, September 12, 1916.

C. OLIVER LARSON.

"OUR BOYS" AT THE FRONT

Safford is proud of its first military company and the record it is making in camp at Douglas.

Company B, hardly three months old, was the only company of the Arizona National Guard to go into camp full war strength. The "boys" started in making their camp the best and most soldierly. Their company street is the pride of the whole camp and everything they do is in line with the best thought for making their stay at the border one of instruction, best sanitary conditions to maintain good health for every member of the company and to learn enthusiastically the life of a soldier.

All this will have its recompense if "our boys" are ever called into action to repel invasion by the enemy. The "school of the soldier" will be well learned and they will return real veterans.

We are proud of Company B.

EXCORIATING THE EXCORIATORS

For compound excoriation of the present national administration, says the Arizona Star, the recent republican convention in Tucson leads the list of batting averages, so far as our observation extends. And yet we have before us a statement by Leslie M. Shaw, a former republican cabinet officer, in which he says:

"I have no hesitancy in admitting grave doubts whether the republican party can, even if it should try, and also whether it ought to try to defeat the party now in power upon an issue of excoriation because it has failed to accomplish in four years what we failed to do in forty years. If we have a small and inadequate army and navy, the republican party is 80 per cent responsible for its inefficiency, for the republican party has been in power 80 per cent of the last half century. If our coast defenses are silly, I submit it does not lie in the mouth of the republican party to say much about it. Let the next administration be a business administration, and while preparing for peace, let it also do what we all agree should be done—prepare for eventualities that may ensue."

FAITH IN ARIZONA MINES

The faith of Arizona people in Arizona mining is shown by the intense excitement in stock quotation reports in almost every mining city in the State. The first thing the miners and smelter men do when they get off shift is to hurry away to learn the latest fluctuations in the stock market, for they have their money invested there. Fortunately is the office clerk who can steal away for a few minutes now and then to obtain the latest quotation and make his own gains.

A DEPLORABLE PERFORMANCE.

—Kirby in New York World.

the price of copper skyward, there has been an intense rush in the development of properties and the miners of Arizona have been putting their savings into Arizona stocks. Nothing speaks better for the permanent prosperity of the State than the absolute faith of Arizona miners in Arizona mining.

The democrats of Arizona did the exact thing, when, in the recent meeting of the State Central Committee, they endorsed the Hon. Thomas R. Marshall, vice president for re-election. Mr. Marshall has paid many visits to Arizona during the past four years and he has on several occasions spoken kind words for the new State, both here and in other sections of the country. He is a sterling democrat and a faithful official and the Daily International hopes to see the Arizona delegation become enthusiastic and determined in supporting him for re-election. The vice-presidency will bring into the national convention the only contests so far as candidates are concerned and we shall expect to see Marshall come out of the contest a winner.—Douglas International.

It would be a splendid idea if our merchants would sweep all the trash from their stores into a pile in the rear of their stores to be burned, instead of sweeping same into the street. It is impossible to keep clean streets and a healthy town unless everyone does their share in the work.

The Common Council, at its meeting Monday night, ordered a drinking fountain of the latest sanitary type, to be placed at the southwest corner of Tenth and L streets. The fountain is greatly needed and will certainly be appreciated by the thirsty citizen during the hot summer months.

ALFALFA WEEVIL

President Andrew Kimball has just returned home from Phoenix, where he met with the Commission of Agriculture and Horticulture and the State Entomologist to consider the modification of the quarantine of the alfalfa weevil. Utah is so badly infested that it has almost ruined the hay and forage industry in that state. It has also spread into Idaho and Wyoming. The governments of the states north of us joined in a call for a convention at Salt Lake on the 20th of April to discuss the situation and see if it was not possible to organize a western states district and quarantine against other parts of the country.

Arizona had a representative present who brot back word of the alarming situation, showing a map where nearly every foot of agricultural land in the state of Utah was infested. Utah is suffering very materially from these conditions and wanted the states surrounding her to modify the quarantine, as it affected them commercially, but the good judgment of the Commission of Agriculture and Horticulture of our State, said Mr. Kimball, was manifest when they refused to in any way modify the quarantine now existing as an embargo or safeguard against the spread of the weevil.

Mr. Kimball said that if the Commission, which has been in existence for over five years now, has accomplished nothing else, the fact that by their careful supervision they have kept this State from the ravages of the alfalfa weevil, they have been worth tens of thousands of dollars to the alfalfa producers in the State.

Rheumatism

If you are troubled with chronic or muscular rheumatism give Chamberlain's Liniment a trial. The relief from pain which it affords is worth many times its cost. Obtain-

MAY FORCE INTERVENTION

"Intervention in Mexico is certain to come if that country continues to yield to influences outside of Mexico that are exciting opposition to the United States in whatever it undertakes," declared United States Senator James Hamilton Lewis, in an address before the Society of Patriots and Founders, in New York City, May 13th. "Unless the harassing of the United States and its citizens in Mexico cease, it will be the duty of this country," he said, "to overcome the opponents of peace and order and aid in establishing a stable government in Mexico, leaving to the people of that country, through the expression of ballot, the selection of their officials."

"The president of the United States has no desire to take this course," he continued. "His anxiety is for freedom of country and liberty of individual. If Mexico will give him a chance to accomplish this in Mexico by any other method than that of intervention, the president will gladly avail himself of such opportunity."

Rheumatic Pain Stopped

The drawing of muscles, the soreness, stiffness and agonizing pain of rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada, Pa. Sloan's Liniment kills pain. 25c. at drugists. adv-no3

WESTERN MOTOR OIL IS O.K.

H. O. Harrison Co., distributors of the Dodge Bros. car, San Francisco, thinks so highly of motor oil made from asphalt-base crude, that they use nothing else in their demonstrating cars, and all the cars they sell go out filled with this oil. "We have had a good opportunity of observing its action in the Dodge motor," says H. P. Huddleston, manager of the Service Department, "both in the hands of our own men and of our customers, and are entirely satisfied with the results. Our motors are free from carbon; compression is at its highest point of efficiency, and we are never troubled with over-heating and laboring of the motor on long, hard pulls."

CARRIED AN UMBRELLA

Come to think of it now, did you ever see a United States Marine in uniform carrying an umbrella? Residents of Washington Street, Brooklyn, caught a glimpse of a Marine recruit carrying a contraband "bumbershoot" during a recent rainstorm, but the glimpse was nothing more than that. At the very outset of the recruit's journey two older Marines met him, took the umbrella away from him and broke it up before his horrified gaze, paying not the slightest heed to his plea of having purchased the thing but ten minutes before. Then the old Marines gave the recruit a severe lecture on military proprieties and left him alone to ponder.

There is no service regulation to prevent the carrying of umbrellas by uniformed men, but there is an unwritten law of the Marine Corps which classifies the umbrella as a piece of feminine finery and its use is taboo with older heads who know the ropes.

Avoid Spring Colds

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant laxative tar syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. Its already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.

PROCEEDINGS OF THE BOARD OF SUPERVISORS

OFFICE OF THE BOARD OF SUPERVISORS, COUNTY OF GRAHAM, STATE OF ARIZONA, SAFFORD, ARIZONA, May 1, 1916.

The Board of Supervisors met in regular session at 9:00 o'clock a. m. Present: Geo. A. Foote, Chairman; Geo. A. Matthews, Member; James Quinn, Member; Martin Layton, Clerk.

Roman Gauna presented a petition to the Board, signed by several citizens, requesting the Board to make an indigent allowance of \$10.00 per month for the support of Rafael Rodriguez. The Board, after duly considering the same, granted the request, to date from May 1, 1916.

Sheriff T. G. Alger appeared before the Board and cancelled the appointment of Sheriff Ranger R. F. McBride, the same to take effect May 1, 1916.

The resignation of J. T. Sanford, constable of Stanley Precinct, No. 14, was presented to the Board, the same to take effect May 1, 1916, by motion duly put and carried, the said resignation was accepted by unanimous vote of the Board, the same to take effect on the above mentioned date.

A. J. Lewis, by motion duly put and carried, was appointed by the Board, to act as constable in the Stanley Precinct, No. 14, at a salary of \$7.50 per month, said appointment and salary to take effect May 1, 1916.

The proposed county road record system, presented to the Board, by State Auditor Johnson, for adoption, by them was duly considered and the same was rejected on the grounds that the amount of road work done in this county did not necessitate such records.

By motion, duly put and carried, the Board made an appropriation of five hundred (\$500) dollars, to be expended in repairing the bridges

across the Gila and San Carlos rivers, by Ernest Stecker.

The Board ordered the county school superintendent to refund to Henry Gray two dollars and fifty cents (\$2.50) for poll tax paid by him, on the ground that he was exempt from the same on account of him being over age.

A petition, presented to the Board by Fred Webb and W. E. McBride, of Pima, praying for the Board to disincorporate the town of Pima:

Pursuance of and in compliance with, Paragraph No. 1880, of the Revised Statutes of Arizona, 1913, and it appearing to the Board that two-thirds of those persons paying a property tax within said town, under provisions of Chapter 2, having signed the said petition, the Board, after carefully considering the same, ordered the said town of Pima disincorporated, said order to take effect May 2, 1916. The Board appointed D. H. Weech, of said town, to act as trustee, with authority to wind up the affairs of the corporation, sell and convey its property, real and personal, pay the debts of the town, and turn the surplus of the proceeds of the property of the town into the county treasury, to be there disposed of for the improvement of roads in the vicinity wherein the said town is situated.

The said trustee, D. H. Weech, to furnish bonds in the penal sum of one thousand (\$1,000) dollars.

The bond of Lutgerding & Eagan, Incorporated, in the penal sum of twenty-one thousand (\$21,000) dollars was approved by the chairman of the Board and members.

The reports of the various county and precinct officers for the month of April, 1916, were reported checked by the Clerk and were approved by the Board.

The treasurer was ordered to set aside from the general expense fund two hundred (\$200) dollars, the amount of estimated expense of the sheriff's office for the month of May, 1916.

The following claims against the county, presented by the members of the Board of Supervisors were audited by the county recorder, allowed, and the Clerk of the Board ordered to draw warrants in payment of same, as follows:

Decidedly COOLING and REFRESHING

this hot weather is a glass of our delicious Ice Cream Soda, so grateful to the tired and thirsty wayfarers. Our Soda is pure, invigorating, cooling and cannot be duplicated in quality hereabouts. We have all the popular flavors, and we are sure that, after the first trial of it, you will often want to patronize our parlors. Five cents a glass for all flavors.

THE PALMS

JOHN F. WEBER, Prop.

SAFFORD ARIZONA

Lieut. Bryan, U. S. N. stated before the Am. Soc. of Naval Engineers: "Oils made from the asphalt-base crudes have shown themselves to be much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils."

Zerolene is scientifically refined from selected California crude— asphalt-base. Highest competitive awards, San Francisco and San Diego Expositions. For sale by dealers everywhere and at service stations and agencies of the Standard Oil Company.
